frame for glass

drawing for the handle QE33 (mm)

Note:

When using handle QE33, it is important to pay attention to the fact that it is intended for assemblies with retractable and tilting elements and may not be suitable for traditional hinged doors.

When ordering QE33 shaped doors, always specify the total required height (including handles). The reduction in size by the handle height will occur automatically during the production preparation proces.

Handle specification:

material: aluminium | **surface:** brushed aluminium

Handle not included (must be ordered separately).

We do not supply screws for the handle, we recommend 3.5 x 15 mm screws.

The handle can be painted (comaxit) in 14 selected RAL shades in matt finish.
