

Principle

T.overface is digital print enabling the application of any graphic motifs to flat materials (furniture doors and bodies, doors of built-in cabinets, decorative panels, glass, etc.). The material must be flat, without protrusions, depressions, and fittings.

Limit Dimensions

- Minimum size: 100 × 100 mm (individually upon request depending on the material type)
- Maximum size of one piece: 3,200 mm × 1,600 mm
- Maximum material thickness: 50 mm
